

Charity Edition

TRIOPLUS[®]

A slim everyday hero

TRIOPLUS[®] 1900 RS pink/blue/yellow

With our new yellow film we now have closed the loop and the family is completed!

Trioplus 1900 is a high performance film that gives you greater output in field! Except from being efficient, you can also support cancer organisations by using our pink, blue or yellow Trioplus! This limited edition supports the reasearch of breast cancer (pink), prostate cancer (blue) and childhood cancer (yellow).

- Same function and high quality as other Trioplus 1900 m products
- Trioplus has been tried and tested for many years
- More efficiency and performance due to 1900 m film per reel
- Lower costs per bale
- Works with all machines and for all bale types
- Light colors pink, blue and yellow raises the awareness for cancer and also help to achieve a high quality silage
- The charity raises money for donation to cancer research*

*Amount of money is depending on agreement in each country/region where the product is sold
